### USLOVI

Široka distribucija, prihvatanje i upotreba FIDIC-ovih publikacija i njihovih prevoda, predstavljaju važan način za ispunjenje FIDIC-ove misije, i stoga ih FIDIC aktivno promovise. Prodaja FIDIC-ovih publikacija i njihovih prevoda, važan su izvor prihoda FIDIC-a i njegovih članica. Time se stvaraju resursi za pružanje širokog spektra usluga, koje zadovoljavaju poslovne potrebe članica. Svi koraci, počev od inicijalne izrade publikacija, često zahtevaju značajne napore i troškove.

FIDIC redovno ažurira i objavljuje reizdanja svojih publikacija, tako da korisnicima omogućuje najsavremenija rešenja. Dostavljanjem publikacija, FIDIC ne daje bilo koje pravo intelektualne svojine. Kupovina ili nabavka FIDIC-ove publikacije, uključujući obrasce koje će popunjavati kupac ili ovlašćeni korisnik, ni u kom slučaju ne predstavlja prenos autorskih prava.

Korisnici se oslanjaju na sadržaj FIDIC-ovih publikacija, posebno FIDIC-ovih ugovora i sporazuma, za važne poslovne transakcije. Upotreba verodostojnih publikacija je stoga neophodna radi zaštite njihovih interesa. FIDIC preporučuje korisnicima da ne menjaju publikacije, i sve modifikacije, reprodukcije ili unošenje na drugom mestu, biće odobreno isključivo u izuzetnim okolnostima. Zahtev za odobrenje citiranja, korišćenja, reprodukcije ili kopiranje FIDIC-ove publikacije, u celini ili delimično, treba uputiti Sekretarijatu FIDIC-a, koji će odlučiti o odgovarajućim uslovima.

Dozvola za pripremu modifikovane ili prilagođene publikacije biće data pod određenim uslovima. Konkretno, modifikovana ili prilagođena publikacija mora biti za interne potrebe i ne sme se objavljivati ili distribuirati na komercijalnoj osnovi.

U slučaju FIDIC-ovih ugovora i sporazuma, cilj FIDIC-a je da obezbedi uravnotežene i pravične uslove ugovora tako što će zaštititi integritet svojih publikacija. Kupac, ili ovlašćeni korisnik FIDIC-ovih ugovora ili sporazuma, na taj način dobija pravo da:

- napravi jednu kopiju kupljenog dokumenta, za ličnu i privatnu upotrebu;
- unese u druge dokumente (ili elektronske datoteke) originalni štampani dokument (ili elektronsku datoteku), ili stranice odštampane iz elektronske datoteke, koju je za te potrebe dostavio FIDIC;
- sastavi i distribuira interno i/ili među partnerima jasno identifikovane Posebne uslove ili njihov ekvivalent, koristeći tekst dat u FIDIC-ovoj publikaciji posebno za te svrhe;
- umnožava, kompletira i distribuira, interno i/ili među partnerima, bilo koji obrazac, u štampanom i elektronskom obliku, koji je predviđen za popunjavanje od strane kupca ili korisnika.

### ODRICANJE OD ODGOVORNOSTI

Iako FIDIC nastoji da obezbedi da njegove publikacije predstavljaju najbolju poslovnu praksu, Federacija ne prihvata, odnosno ne preuzima odgovornost za događaje ili posledice koji proisteknu iz upotrebe njenih publikacija. FIDIC-ove publikacije dobijaju se „u viđenom stanju”, bez ikakvih garancija, bilo izričitih ili prećutnih, uključujući, bez ograničenja, garancije po pitanju utrživosti, podobnosti za određene namene i nekršenja prava. FIDIC-ove publikacije nisu konačne i namenjene su isključivo pružanju opštih smernica. Na njih se ne treba oslanjati u specifičnim situacijama ili pitanjima. Kad god je to potrebno, treba pribaviti stručne pravne savete, posebno pre zaključenja ili raskida ugovora.

The widespread dissemination, acceptance and use of FIDIC publications and their translations are important means for accomplishing FIDIC's mission and are therefore actively promoted by FIDIC. The sale of FIDIC publications and their translations is an important source of revenue for FIDIC and its Member Associations. It creates resources for providing a wide range of services meeting the business needs of member firms. All steps, starting with the initial drafting of publications, often require considerable effort and expense.

FIDIC regularly updates and reissues publications so that users can profit from the state-of-the-art. By supplying publications, FIDIC does not grant any intellectual property rights. The purchase or supply of a FIDIC publication, including forms for completion by a purchaser or authorised user, does not confer author's rights under any circumstances.

Users rely on the contents of FIDIC publications, especially FIDIC contracts and agreements, for important business transactions. The use of authentic publications is therefore essential for safeguarding their interests. FIDIC discourages modification of its publications, and only in exceptional circumstances will it authorise modification, reproduction or incorporation elsewhere. Permission to quote from, incorporate, reproduce or copy all or part of a FIDIC publication should be addressed to the FIDIC Secretariat, which will decide upon appropriate terms.

A license to prepare a modified or adapted publication will be agreed to under certain conditions. Specifically the modified or adapted publication must be for internal purposes, and not be published or distributed commercially.

In the case of FIDIC contracts and agreements, FIDIC aims to provide balanced and equitable conditions of contract by ensuring the integrity of its publications. A purchaser or authorised user of a FIDIC contract or agreement is thus granted the right to:

- make a single copy of the purchased document, for personal and private use;
- incorporate in other documents (or electronic files) either the original printed document (or electronic file) or pages printed from an electronic file supplied by FIDIC for this purpose;
- draw up and distribute internally and/or among partners clearly identified Particular Conditions or their equivalent using text provided in the FIDIC publication specifically for this purpose;
- reproduce, complete and distribute internally and/or among partners any forms, in both printed and electronic formats, provided for completion by the purchaser or user.
